REGENTS HERE MONDAY VISIT THE COLLEGE

REPORTS MADE OF PRESIDENT AND FACULTY MEMBERS.

Need of Library Building Stressed in Report—Regents Are Well Pleased With Work.

Coming to Canyon to make their annual inspection of the College, four members of the Texas State Board of Teachers College Regents, spent a busy day Monday, seeing the plant and hearing the reports of various members of the faculty on the work of the past year.

A. B. Mayhew of Uvalde, president of the board, Col. Thomas H. Ball of Houston, Fred A. Martin of Fort Worth and John E. Hill of Amarillo were the members present.

Arriving at eleven, Mr. Martin and Mr. Hill addressed the students during the chapel period.

The faculty and regents lunched together at the college cafeteria, after which the business sessions began.

In his report, President Hill emphasized the great need of better library facilities for the college, and mentioned that a library building is in his budget for the next biennium.

The many improvements about the campus, including the pavement, flood lights for football, repairs of the administration building roof, remodeling and decorating of several administrative offices, building of sidewalks and other matters were reported.

Following his report, President Hill asked several members of his faculty to give special reports which would enable the visitors to understand some of the problems confronting the college and at the same time give them an idea of the rapid progress which has been made.

Dean R. P. Jarrett stated that a large number of the college teachers had recently received advanced degrees and that others were working toward that goal.

Registrar D. A. Shirley gave his report on the attendance for the past year. His report showed that the number of students this year is very little below that of last year, and that the number of men in the college has increased 11 per cent over last year, there being 228 men in the college alone at this time.

The work of the Bureau of Public Service was given by Mrs. T. V. Reeves. It showed that 587 different people were enrolled in correspondence courses and extension classes last year, that the college furnished 151 programs to schools, clubs and other organizations, and that courses of study were provided for 160 clubs throughout the entire state. Other activities of the office mentioned, principally to show that the territory of the college calls upon it for a great number of varied services.

Only two teachers colleges of the seven in Texas have farms in connection with their departments of agriculture. The regents were much interested in the report of T. M. Moore, which showed that the college farm, located on the old T. Anchor ranch is a going concern, showing a profit, and furnishing laboratory facilities for students of agriculture, biology and other subjects. Mr. Moore showed how the excellent dairy herd furnished pure, rich milk for the dormitories and cafeteria of the college.

"The Panhandle-Plains Historical Society was the first organization of its kind in West Texas," said Prof. L. F. Sheffy, in making his report, "and it has come to be of great interest to hundreds of people over this entire region." Mr. Sheffy showed how the archives of the society are furnishing valuable material to graduate students, not only in Texas, but in New Mexico and Colorado as well.

Miss Tennessee Malone reported on the library situation, showing how a growing territory like that of Northwest Texas calls upon the college for library help.

The needs of the home economics department were carefully outlined by Miss Marion Normington, head of the department.

The report of Dr. Harris M. Cook, Dean of Men, was presented in writing as he was out of town conducting an extension class Monday. (Continued on last page)

T. & P. Officials Soon to Make a Visit to This City

Word has been received here that the T. & P. officials will soon make a trip to Canyon to confer with business men and land owners regarding the right-of-way for the proposed line running from Dimmitt to Amarillo.

When surveyors were here recently, the line was marked to run six miles west of Canyon. It was stated at that time by members of the party that they had been instructed to run the line to miss Canyon as it was heard that this city did not wish the new road. This statement was shown the surveyors to be false, as no steps have been taken in Canyon either for or against the building of the T. & P. until such a time as a request is made from the officials regarding the right-of-way.

Just what proposal will be made or what requests will be filed by the officials is not known here. It is stated that the officials have stated in other towns that the gift of the right-of-way was the only donations required. If the new road proposes to build a new line from Canyon to Amarillo and not use the Santa Fe double track, the right-of-way will be found very expensive and hard to procure. This is the most valuable land on the Plains, and it would be hard to secure an entrance into the city of Amarillo from this direction, as it would penetrate the choicest residential sections.

No action will be taken in this city until the officials of the T. & P. make a request.

Lap Plans for Next Open Day in the Canyons

The grandeur and beauty of the Palo Duro canyons which is closed to the public in general will be opened Sunday, November 2, for the whole world to come and view, according to plans now being perfected by the Chamber of Commerce.

The rare beauty of this section of the state is practically all inclosed and the passing world is forbidden to view the beautiful handiwork of nature. However, through the co-operation of the Chamber of Commerce of Canyon the canyons in several places have been opened to be viewed by all who care to drive out that day.

On July 13 the first of such occasions attracted several thousand people to the Palo Duro. Again on November 2, a different portion of the canyons will be opened for public inspection, L. N. George, secretary of the organization announces.

It is expected that more people than before will view the Palo Duro on the next open day. This is because, it is pointed out, the weather will be much cooler, and a drive in the canyons in the fall carries much more beauty and the handiwork of nature stands out more than at other times of the year. Then too, the portions of the Canyons to be visited on November 2, will be altogether different to those visited on July 13, and it is expected that all those who came in July together with those who could not come and the increased interest in the Palo Duro, will bring a record crowd to this section.

The Chamber of Commerce will be assisted by Company F of the National Guard, and similar regulations as those on the other open date will be carried out. The entire Panhandle is invited to come and be Canyon's guest and view the great wonder of the Palo Duro.

SHANKLIN HAS GOOD SALE

As well as good agricultural products Randall county still has good dairy cattle. At the sale held at the J. W. Shanklin Dairy Farm Wednesday, Jersey cows were sold at some of the highest marks known for dairy cattle in this section for several months.

Mr. Shanklin states that the sale was a success from every standpoint. A number of his cows sold over the \$100 mark and one sold as high as \$147.50.

COMMUNITY TO SUPPORT CHEST FUND FOR POOR

CANVAS OF CITY FRIDAY AND SATURDAY.

Headquarters Established at the Gamble Drug; All Citizens Urged to Assist.

Headquarters for the Community Chest will be located in the room at the rear of the Gamble Drug Store. J. D. Gamble has donated the room for the use of the Community Chest as an assembling place for clothing and other supplies. Members of the Federated Clubs will canvas the city Friday and Saturday of this week.

Mrs. W. C. Kunze is general superintendent of this work. Mrs. Wm. Ash is chairman for the Woman's Book Club. Mrs. I. C. Jenkins is chairman for the Methodist W. M. S.; Mrs. J. S. Humphreys for the Baptist W. M. U.; Mrs. Berl Elliston for the Christian Ladies Aid; Mrs. Joe Black for the Junior Woman's Club; Mrs. W. H. Upchurch for the Parent-Teachers Club of the public schools; Mrs. C. A. Higdon for the Christian Science Church; Mrs. A. W. Sternberg for the Merry Maids and Matrons; Mrs. Hubert O. Price for the American Legion Auxiliary; Mrs. Oscar Hunt, Mrs. Harvey Cash, Mrs. C. E. Strain, Mrs. Charlie Dowlen are members of the general committee.

The citizens of Canyon will be asked to donate articles of clothing and other supplies which may be used for the Community Chest during the winter. The town has been divided into sections, and every home will be visited during the week-end, so that householders may have an opportunity to go over clothing and see if there are not garments which the family does not need, but which may be utilized by the needy families during the winter months.

Should anyone be missed in the canvas, and they have articles to donate to the Community Chest, please telephone Mrs. C. M. Dowlen, No. 468W.

McUTCHEON BABY DIES IN OKLAHOMA CITY TUES.

Word was received here yesterday of the death of the five months old baby of Mr. and Mrs. Roy McCutcheon at Oklahoma City. The child died Tuesday.

Mrs. McCutcheon was formerly Miss Margaret McManigal of Hapvy. Mr. and Mrs. McCutcheon lived in Canyon for awhile.

2.65 Inches of Rain Fall in Canyon Since Last Friday—Wheat Planting Will Start With Record Acreage in View for 1931

Canyon received four rains since Friday amounting to 2.65 inches. The rain started to fall Friday, and continued through Tuesday night. The downpour reached every section of the county, according to reports received in the city, and while the amount of rain varied in many places, yet the county was well covered during the four days. Rain reached the proportion of a cloud-burst in some sections. The creeks have been overflowing and in some sections it is said the lakes have a little water for the first time this year.

The rain amounted to .20 an inch Friday; .65 on Saturday; .85 on Monday and .95 on Tuesday night.

Wheat planting will start all over the county as soon as the farmers can get into the fields. Wheat has been planted in many sections, but has not made much growth owing to the continued dry weather. Some farmers will have to replant their wheat, it is reported owing to the wire worms which is working in various sections of the county.

Indications are that the wheat acreage will be the largest in the history of the county, in spite of the low price of wheat at the present time.

Monthly Session Of Commissioners Held This Week

The County Commissioners Court in regular session Monday made a formal request that the City Commission of Canyon present the court with information and figures regarding the right-of-way through Canyon on the highway west.

Any discussion and action on the highway west was deferred until the next regular meeting of the court. The report of the Jury of View regarding the right-of-way west has been filed in the office of the county clerk, but the report has not yet been presented to the commissioners court.

The bond issue of school district No. 10 has been deferred by court. It deemed this not practical at this time.

Among other business transacted by the court Monday was the approval of the county tax assessor's rolls for this year.

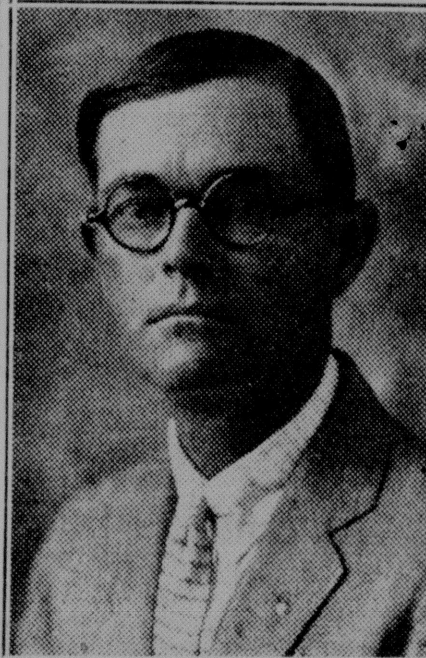

IOWA MAN BURIED AT UMBARGER SATURDAY

George M. Sims, a brother of L. R. Sims, was buried at Umbarger Saturday afternoon. The body was brought here from Burlington, Iowa, where he died on September 29.

Funeral services were conducted at the Griggs-Thompson Funeral home, by Rev. C. E. Jameson, pastor of the Methodist church, at 2 p. m. Saturday. Interment was at the Umbarger cemetery with the Griggs-Thompson Funeral home in charge.

W. M. Spears attended to business in Amarillo Tuesday of this week.

SUCCESSFUL EXHIBITOR

W. H. UPCHURCH

W. H. Upchurch, Randall County Agent, is the most successful exhibitor of county agricultural displays in the state of Texas. He has more wins to his credit than any county agent in the state. His winning has meant a great deal to the agricultural development of Randall county since he came here as county agent.

Trades Day Will be Monthly Feature Monday, October 27

A free picture show at the Olympic Theater has been announced, as the entertainment feature for the regular monthly Trades Day, Monday, October 27, according to the Chamber of Commerce committee in charge of the arrangements for the Trades Day.

The show will be free to every one and everyone within the Canyon trade territory is urged to come and attend the show as well as shop in Canyon on the 27th. The doors of the theater will be thrown open.

The complete program for the afternoon's entertainment will be announced next week members of the committee state. Prepare now to attend the Canyon Trades Day October 27.

MANY GRADUATES IN THE BROWN FAMILY

If graduations are as expensive to families as they are sometimes said to be, the A. E. Browns of Canyon will be hard hit next spring. All the younger generation of the family is graduating. Durward and Hatcher Brown, the eldest sons are slated to receive their bachelor degrees from the West Texas State Teachers College. Glenn Brown will be graduated from high school and mBooar Brown, the youngest, completes his grade school work.

The Brown family has lived in Canyon for many years.

Upchurch Adds More Honors to the County in Placing Farm Exhibit Into First Place.

Randall county farm products handled by that premier exhibitor, W. H. Upchurch, stood first at the State Fair of Texas Wednesday morning when the final judging of the county exhibits had been completed. Coming out ahead with flying colors, Upchurch has not only won distinction for the county but has demonstrated to the world that Texas has not his equal as an exhibitor.

REGENTS MEN HEAR APPEALS OF EX-STUDENTS

THREE EX-STUDENTS MAKE PLEAS FOR COLLEGE.

Seek Special Graduate Work for W. T.—Point Out Many Advantages for Work Here.

Three superintendents of Panhandle high schools and former students of the West Texas State Teachers College were granted an audience with the members of the State Board of Regents for Teachers Colleges, which met here Monday for the purpose of inspecting the plant of the College.

These superintendents and former students presented a plea of long standing that the College be granted facilities for offering graduate work. They presented appeal to the regents in a thorough and organized manner. This action was sponsored by the Ex-Students Association of the College.

Two of the men, Law Sone and C. A. Cryer, superintendents respectively of Panhandle and Dimmitt, drove through mud and rain in order to appear before the regents. The other member of the Ex-Students Association was Superintendent Irby Carruth of the Canyon public schools.

At present no teachers college in Texas is offering graduate work leading to a master's degree, and it has long been the desire of those associated with and interested in the college to obtain such graduate work, in order to accommodate the great number desiring to receive their master's degree here. Such a step, it is believed, would pave the way for a greater West Texas State Teachers College and would bring students from all parts of the state to Canyon in order that they might continue their scholastic training.

Superintendent Cryer was the first to present the pleas for graduate work at the college. He was followed by Supt. Carruth, and Supt. Sone concluded the appeal.

Some of the many reasons set forth by these men during the course of their talks are as follows:

"Our high schools demand their teachers have masters degrees. If these teachers get their degrees from a teachers college, they must go out of the state to do so. A masters degree from a college other than a teachers college does not have the educational value nor pedagogical prestige that one does from a teachers college. "The expense of going out of the state prohibits many of our best teachers from going, hence, teachers from other states that are blest with teachers colleges offering masters degrees come into our territory and take the places that should go to our own people. Too many of these long distance teachers cannot adjust themselves to our Western conditions.

"Graduate work for W. T. would mean economy for the state. Several hundred teachers left the state this summer to take graduate work in teachers colleges. These were the better paid ones who could afford it. They would have spent their money in Texas if the state could have offered them what her high schools demanded of them. Teachers as a class spend all of their money. If we keep them in Texas they spend their money here. What we pay them is immaterial; it all comes right back to us, but what we force them to spend in other states is gone forever, so far as Texas is concerned." (Continued on last page)

Defying the results of Randall county drouth this year, Upchurch went forth and gathered in the cream of Randall county's crops to carry away first honors at the Tri-State Fair in Amarillo, only to move down to Dallas and head the list there.

By such a winning exhibit Randall county is placed at the forefront of farming, not only in the Panhandle, but in all Texas. For the season of 1930 the Randall county exhibit has been exhibited three times and has won first place the same number of times. The first exhibit made this year was at the Fat Stock Show in early spring where Upchurch was able to win first place. However, the exhibit shown there was one which took first place in September, 1929, at the Tri-State Fair.

The Randall county exhibit scored 100 on alfalfa; 99 on wheat; 97 on grain sorghum. The score of 94.25 on neatness and arrangement was exceeded by only one and tied by only one county out of forty-six counties showing.

The county exhibit of farm products shown by the county agent at the Tri-State Fair and at the Dallas State Fair, was made up of products grown on Randall county farms during 1930.

It must not be supposed that the exhibits at the State Fair were below par this year because of the drouth that has hampered the production of staple crops on Texas farms. It was announced by State Fair officials ten days before the opening of the fair last Saturday that every available booth for county exhibits had been called for. Competition was keen, from all reports regarding the fair.

When questioned as to the reason for such an extra large number of exhibitors, before he left for Dallas, Upchurch said, "Because of the drouth which has coveted not only Texas but most of the entire nation during the past several months, many county agents over the state figure that they will have a better opportunity to win than they would have if the crops over the state were reported to be extra good. Nevertheless the competition will be very close. It is true that the cream of Texas farm products will be on exhibition at Dallas."

Before departing for Dallas with the winning collection of farm products, Upchurch, who was accompanied by his daughter, Miss Louise, stated that five Panhandle counties would send exhibits to Dallas, each of which had a possible chance of winning first place. Out of the five Panhandle counties, three of them ranked among the seven high exhibitors.

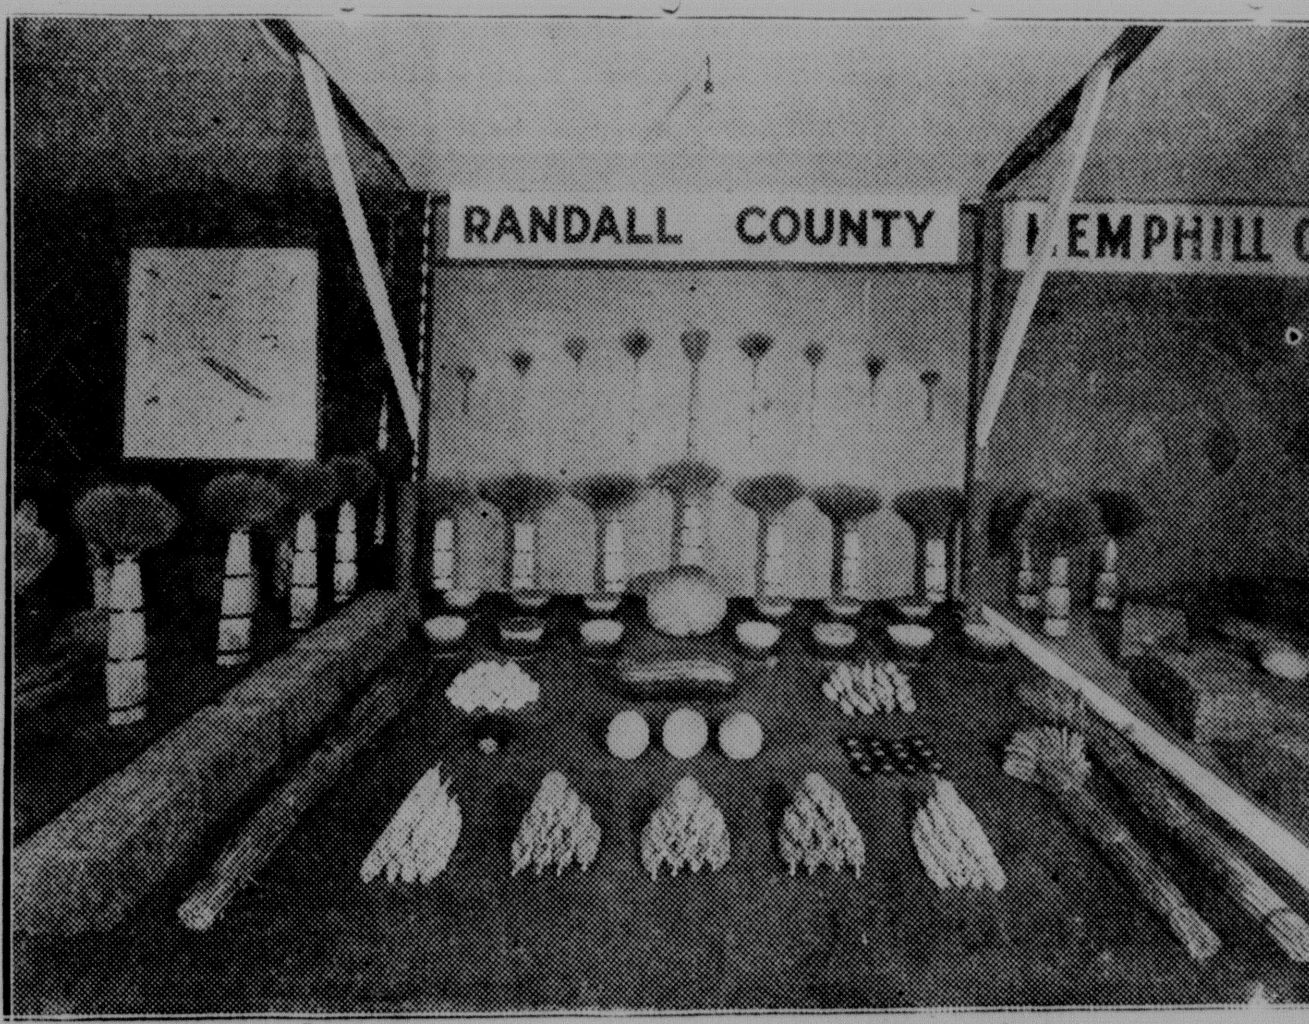

The following is the order in which the first seven counties finished at Dallas: Randall, first; Harrison, second; Eastland, third; Marion, fourth; Wheeler, fifth; Henderson, sixth; Hemphill, seventh. Including Eastland county, as a West Texas county, there are four out of the high seven counties from West Texas. Mr. Upchurch is president of the Texas Exhibitors Association which will hold its annual meeting in Dallas during the State Fair. This association is composed of county agents who exhibit their products at the various fairs and expositions over the State.

REPORTS MADE OF PRESIDENT AND FACULTY MEMBERS.

Need of Library Building Stressed in Report—Regents Are Well Pleased With Work.

Coming to Canyon to make their annual inspection of the College, four members of the Texas State Board of Teachers College Regents, spent a busy day Monday, seeing the plant and hearing the reports of various members of the faculty on the work of the past year.

A. B. Mayhew of Uvalde, president of the board, Col. Thomas H. Ball of Houston, Fred A. Martin of Fort Worth and John E. Hill of Amarillo were the members present.

Arriving at eleven, Mr. Martin and Mr. Hill addressed the students during the chapel period.

The faculty and regents lunched together at the college cafeteria, after which the business sessions began.

In his report, President Hill emphasized the great need of better library facilities for the college, and mentioned that a library building is in his budget for the next biennium.

The many improvements about the campus, including the pavement, flood lights for football, repairs of the administration building roof, remodeling and decorating of several administrative offices, building of sidewalks and other matters were reported.

Following his report, President Hill asked several members of his faculty to give special reports which would enable the visitors to understand some of the problems confronting the college and at the same time give them an idea of the rapid progress which has been made.

Dean R. P. Jarrett stated that a large number of the college teachers had recently received advanced degrees and that others were working toward that goal.

Registrar D. A. Shirley gave his report on the attendance for the past year. His report showed that the number of students this year is very little below that of last year, and that the number of men in the college has increased 11 per cent over last year, there being 228 men in the college alone at this time.

The report of Dr. Harris M. Cook, Dean of Men, was presented in writing as he was out of town conducting an extension class Monday. (Continued on last page)

T. & P. Officials Soon to Make a Visit to This City

Word has been received here that the T. & P. officials will soon make a trip to Canyon to confer with business men and land owners regarding the right-of-way for the proposed line running from Dimmitt to Amarillo.

When surveyors were here recently, the line was marked to run six miles west of Canyon. It was stated at that time by members of the party that they had been instructed to run the line to miss Canyon as it was heard that this city did not wish the new road. This statement was shown the surveyors to be false, as no steps have been taken in Canyon either for or against the building of the T. & P. until such a time as a request is made from the officials regarding the right-of-way.

Just what proposal will be made or what requests will be filed by the officials is not known here. It is stated that the officials have stated in other towns that the gift of the right-of-way was the only donations required. If the new road proposes to build a new line from Canyon to Amarillo and not use the Santa Fe double track, the right-of-way will be found very expensive and hard to procure. This is the most valuable land on the Plains, and it would be hard to secure an entrance into the city of Amarillo from this direction, as it would penetrate the choicest residential sections.

No action will be taken in this city until the officials of the T. & P. make a request.

Lap Plans for Next Open Day in the Canyons

The grandeur and beauty of the Palo Duro canyons which is closed to the public in general will be opened Sunday, November 2, for the whole world to come and view, according to plans now being perfected by the Chamber of Commerce.

The rare beauty of this section of the state is practically all inclosed and the passing world is forbidden to view the beautiful handiwork of nature. However, through the co-operation of the Chamber of Commerce of Canyon the canyons in several places have been opened to be viewed by all who care to drive out that day.

On July 13 the first of such occasions attracted several thousand people to the Palo Duro. Again on November 2, a different portion of the canyons will be opened for public inspection, L. N. George, secretary of the organization announces.

It is expected that more people than before will view the Palo Duro on the next open day. This is because, it is pointed out, the weather will be much cooler, and a drive in the canyons in the fall carries much more beauty and the handiwork of nature stands out more than at other times of the year. Seek Special Graduate Work for W. T.—Point Out Many Advantages for Work Here.

Three superintendents of Panhandle high schools and former students of the West Texas State Teachers College were granted an audience with the members of the State Board of Regents for Teachers Colleges, which met here Monday for the purpose of inspecting the plant of the College.

These superintendents and former students presented a plea of long standing that the College be granted facilities for offering graduate work. They presented appeal to the regents in a thorough and organized manner. This action was sponsored by the Ex-Students Association of the College.

Two of the men, Law Sone and C. A. Cryer, superintendents respectively of Panhandle and Dimmitt, drove through mud and rain in order to appear before the regents. The other member of the Ex-Students Association was Superintendent Irby Carruth of the Canyon public schools.

At present no teachers college in Texas is offering graduate work leading to a master's degree, and it has long been the desire of those associated with and interested in the college to obtain such graduate work, in order to accommodate the great number desiring to receive their master's degree here. Such a step, it is believed, would pave the way for a greater West Texas State Teachers College and would bring students from all parts of the state to Canyon in order that they might continue their scholastic training.

Superintendent Cryer was the first to present the pleas for graduate work at the college. He was followed by Supt. Carruth, and Supt. Sone concluded the appeal.

Some of the many reasons set forth by these men during the course of their talks are as follows:

"Our high schools demand that teachers have masters degrees. If these teachers get their degrees from a teachers college, they must go out of the state to do so. A masters degree from a college other than a teachers college does not have the educational value nor pedagogical prestige that one does from a teachers college.

"The expense of going out of the state prohibits many of our best teachers from going, hence, teachers from other states that are blessed with teachers colleges, offering masters degrees come into our territory and take the places that should go to our own people. Too many of these long distance teachers cannot adjust themselves to our Western conditions.

"Graduate work for W. T. would mean economy for the state. Several hundred teachers left the state this summer to take graduate work in teachers colleges. These were the better paid ones who could afford it. They would have spent their money in Texas if the state could have offered them what her high schools demanded of them. Teachers as a class spend all of their money. If we keep them in Texas they spend their money here. What we pay them is immaterial; it all comes right back to us, but what we force them to spend in other states is gone forever, so far as Texas is concerned. (Continued on last page)

Defying the results of Randall county drouth this year, Upchurch went forth and gathered in the cream of Randall county's crops to carry away first honors at the Tri-State Fair in Amarillo, only to move down to Dallas and head the list there.

By such a winning exhibit Randall county is placed at the forefront of farming, not only in the Panhandle, but in all Texas. For the season of 1930 the Randall county exhibit has been exhibited three times and has won first place the same number of times. The first exhibit made this year was at the Fat Stock Show in early spring where Upchurch was able to win first place. However, the exhibit shown there was one which took first place in September, 1929, at the Tri-State Fair.

The Randall county exhibit scored 100 on alfalfa; 99 on wheat; 97 on grain sorghum. The score of 94.25 on neatness and arrangement was exceeded by only one and tied by only one county out of forty-six counties showing.

The county exhibit of farm products shown by the county agent at the Tri-State Fair and at the Dallas State Fair, was made up of products grown on Randall county farms during 1930.

It must not be supposed that the exhibits at the State Fair were below par this year because of the drouth that has hampered the production of staple crops on Texas farms. It was announced by State Fair officials ten days before the opening of the fair last Saturday that every available booth for county exhibits had been called for. Competition was keen, from all reports regarding the fair. When questioned as to the reason for such an extra large number of exhibitors, before he left for Dallas, Upchurch said, "Because of the drouth which has covered not only Texas but most of the entire nation during the past several months, many county agents over the state figure that they will have a better opportunity to win than they would have if the crops over the state were reported to be extra good. Nevertheless the competition will be very close. It is true that the cream of Texas farm products will be on exhibition at Dallas."

Before departing for Dallas with the winning collection of farm products, Upchurch, who was accompanied by his daughter, Miss Louise, stated that five Panhandle counties would send exhibits to Dallas, each of which had a possible chance of winning first place. Out of the five Panhandle counties, three of them ranked among the seven high exhibits.

The following is the order in which the first seven counties finished at Dallas: Randall, first; Harrison, second; Eastland, third; Marion, fourth; Wheeler, fifth; Henderson, sixth; Hemphill, seventh. Including Eastland county, as a West Texas county, there are four out of the high seven counties from West Texas.

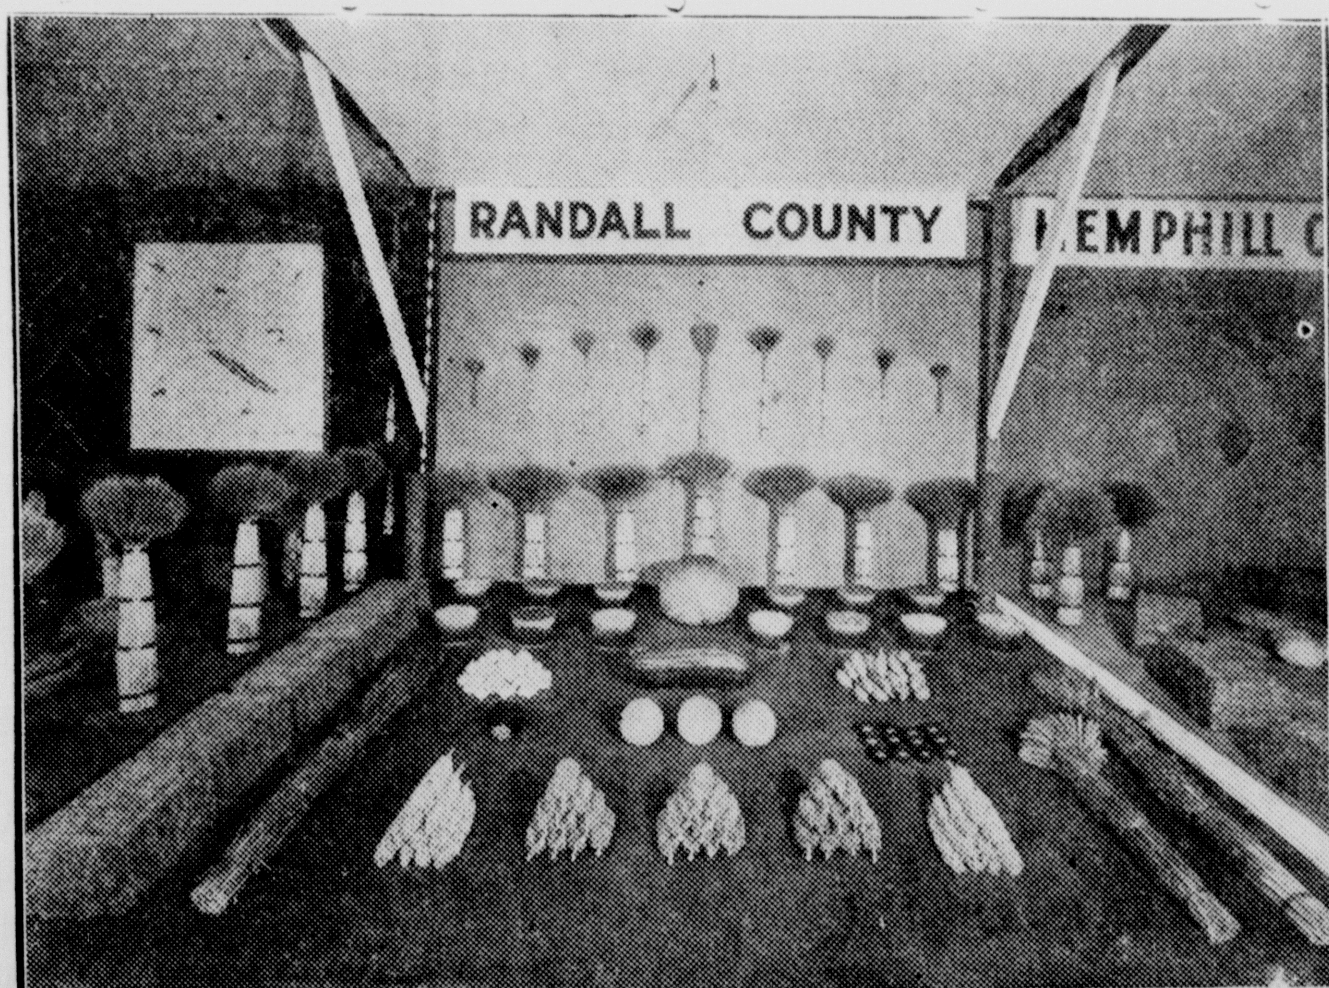

Mr. Upchurch is president of the Texas Exhibitors Association which will hold its annual meeting in Dallas during the State Fair. This association is composed of county agents who exhibit their products at the various fairs and expositions over the State.

VOTE FOR AMENDMENTS.

The News recommends that the voters of Randall county go to the polls in the general election. Voting in the general election is looked upon with disdain by too many Texas voters, but this year all who voted in the primaries should go to the polls without fail and vote in the general election.

There are some constitutional amendments to be voted upon in the general election which should be approved by the voters. They meet the public's demand for a reform in our state government, and the voters should first study these amendments, and then vote upon them.

One amendment is for the purpose of keeping the supreme court open twelve months in the year. The court now is forced to take a three months' vacation regardless of the amount of work stacked up—and at the present time the court is about five years' behind with its work.

Another amendment would allow the West Texas counties with university lands to tax these lands for county purposes at the same rate as local people pay taxes. The state pays taxes to counties which have penitentiary lands, so why not allow the university to pay local taxes upon its property?

Another amendment would allow the regents of the university to invest the large permanent fund in other than U. S. government bonds. Texas securities are good, and draw a larger rate of interest. The university fund now amounts to more than sixteen millions of dollars, and will grow larger each year as the university oil lands are developed. Only the interest of this fund may be used, so the state should allow the regents to invest the funds in places where it will draw the largest amount of interest.

The other amendment is in two parts, and will be voted upon as separate propositions. This amend-

ment proposed to increase the length of the session of the legislature from 60 to 120 days and increase the pay of the legislators, at the same time reducing the mileage. The amendment is endorsed by all who have had anything to do with the law making body during the past years.

This economic depression is a funny thing. It is puzzling the economists more than any depression the country has ever had. With an over abundance of every kind of food-stuffs, manufactured articles, labor, money, raw materials—yet the depression is almost as great as though a money panic was on.

New Cereal Food Is Produced Under W.T. Ex's Guidance

Home Demonstration Club Women of Gray County have recently placed a new breakfast cereal on the market. These women are guided by an ex-student of W. T. Miss Myrtle Miller, as home demonstration agent.

The food is a whole-wheat cereal made by a process of steam pressure cooking. This should be of great value to this section of Texas in helping realize the demonstration agents' slogan, "Supply the pantry from your farm."

Miss Miller visited in Canyon last week, and left samples of the new product with the C. W. Corsslin family, and that of President J. A. Hill. Both families report it to be a delicious breakfast food.

Feature Address At Banquet by Mary M. Brown

At the annual banquet of the Speech Arts Association of the Panhandle, given last Tuesday at El Taos in Amarillo, the principal speaker was Miss Mary Morgan Brown, who talked of her trip to Europe last summer, and told of some of the wonderful plays she saw while there.

The society announced an open program early in December when Miss Brown and a group of dramatic students from the college will go to Amarillo for a full evening's program of one act plays.

The government announces that the consumer dollar goes further now than it did in 1920. Further away, is what probably is meant.

The home may be gradually losing its popularity but there'll never be a satisfactory substitute for it as a place to change clothes.

"He's your Dog" exclaimed the Police Captain*

"Yes, he's lop-eared. . . . Sure. It's the right one." Police-Captain Smith frowned into his telephone. How many times, he wondered, must he repeat these details.

Two hundred miles away at Jonesboro, an anxious owner was hanging on every word that came over the telephone wires. Hopefully, he was seeking to identify his lost dog. "What?" barked the captain irritably. "You want to speak to him!"

Then—understandingly—"By George! I believe you've hit the nail on the head. Just a moment. I'll hold him up to the telephone."

What was said is known only to the man and the dog. The dog's actions, however, spoke for themselves.

"He's your dog, all right," exclaimed the police captain. And thus, happily, ended a two-week search.

"He's your Dog" exclaimed the Police Captain

"Yes, he's lop-eared. . . . Sure. It's the right one." Police-Captain Smith frowned into his telephone. How many times, he wondered, must he repeat these details.

Two hundred miles away at Jonesboro, an anxious owner was hanging on every word that came over the telephone wires. Hopefully, he was seeking to identify his lost dog. "What?" barked the captain irritably. "You want to speak to him!"

Then—understandingly—"By George! I believe you've hit the nail on the head. Just a moment. I'll hold him up to the telephone."

What was said is known only to the man and the dog. The dog's actions, however, spoke for themselves.

"He's your dog, all right," exclaimed the police captain. And thus, happily, ended a two-week search.

Bessie Lee Fite Becomes Bride of W. W. Earnest

One of the prettiest weddings of the season was solemnized Sunday afternoon when Miss Bessie Lee Fite of this city became the bride of Mr. W. W. Earnest, also of Canyon, at the home of the bride's parents, Mr. and Mrs. J. M. Fite.

The ring service was read by the Rev. C. G. Howard, pastor of the First Baptist church, in the presence of a number of friends and relatives of the couple. An attractive arrangement of autumn flowers made an effective background for the ceremony.

The couple entered to the strains of Mendelssohn's Wedding March played by Miss Thelma McMinn. Miss Mattie Mae Swisher sang a pre-nuptial song, and Rev. C. E. Jameson of the Methodist church gave the invocation.

The bride was gowned in purple chiffon velvet with accessories to match. She was attended by Miss Geneva Golden as maid of honor. Dr. H. G. Grainger of this city acted as best man for the groom. Following the ceremony Rev. B. F. Fronabarger gave the benediction.

Mrs. Earnest has lived in Canyon for a number of years and is one of the popular members of the younger set. She is an accomplished musician and is pianist for the Baptist church. At the time of her marriage she was enrolled as a junior in the Canyon High school.

The groom has been a resident of Canyon since February of this year. He is secretary of the Baptist Student Union of W. T. S. T. C. and choister of the Baptist church. Mr. Earnest is a graduate of the Southwest Baptist Theological Seminary at Fort Worth where he took special training for educational work in the church. At present he is enrolled in special courses at W. T. S. T. C.

The couple will make their home in Canyon and both expect to continue their scholastic work.

REBEKAH LODGE HOLDS INITIATION SERVICES.

Canyon Rebekah Lodge No. 350 met in regular session at the lodge hall Tuesday evening with a large number of the members present. Initiation services, during which Mrs. Maude L. Waggy was officially accepted into the organization, were the main feature of the evening. Those taking part were garbed in white which added to the attractiveness of the inspiring services.

Special out-of-town guests for the occasion were: Mr. and Mrs. Perry Childs and Mrs. Verma Berry of Tulsa. Mrs. Childs is the noble grand of the Tulsa Rebekah lodge No. 87 and Mrs. Berry is a member of that lodge.

Others present were: Mrs. Gertrude Trowbridge, Mrs. Myrtle Stratton, Mrs. Ida Johnson, Mrs. Helen Bengel, Mrs. Lucy Brown, Mrs. Lena Cobb, Mrs. Minnie Hendrix, Mrs. Dolly Taylor, Mrs. Marie Hair, Mrs. Ruby Tanner, Mrs. Nannie Myers, Mrs. Mary B. Weeks, Mrs. Winnie Louder, Mrs. Mildred Sullivan, Mrs. Bertie Strain, Mrs. Pinkie McBride, Mrs. Winnie Gibbs, Miss Olive Schramm, Miss Mae Warren, and Glen McGahey, S. F. Bengel and A. K. McBride.

A delectable salad plate was served by the lodge as a concluding number of the evening's entertainment. The lodge extends a cordial invitation to all student members to attend the meetings each Tuesday evening.

PALO DURO LEGION AUXILIARY TO MEET

Palo Duro Unit No. 97 of the American Legion Auxiliary will meet Monday afternoon at 4:00 o'clock in the Federated club rooms. All members of the unit are urged to be present as this is the first meeting of the new unit administration.

MR. AND MRS. O'DOWD HONORED WITH PARTY

Mrs. E. H. Porter and Mrs. George Cox entertained Tuesday evening at the home of Mrs. Porter with a delightfully unique party honoring Mr. and Mrs. John O'Dowd, newcomers to the city. Mr. O'Dowd is minister of the Church of Christ.

Large vases of dahlias were lovely decorations in the living rooms. An old-fashioned country school with Miss O'Neal Porter as teacher offered diversions for the evening. The entertaining features were closed with an old fashioned spelling bee in which Mrs. Henry Bradford and Mrs. E. W. Cabe proved to be the most proficient spellers.

Refreshments were served in mock dinner pails neatly packed and tied. Those present included the following: Mr. and Mrs. O'Dowd, guests of honor; Mr. and Mrs. D. Mack Stewart, Mr. and Mrs. Henry Bradford, Mr. and Mrs. H. W. Cabe, Mr. and Mrs. Zim Sharman, Mr. and Mrs. Pete Hancock, Mr. and Mrs. W. H. Chambers, Mr. and Mrs. J. H. Lisle, Mr. and Mrs. R. E. Crawford, Mrs. Elize Price, Mrs. J. J. Farris, Mrs. Cora Campbell, Mrs. W. S. Amend, Mrs. Melvin Roberts, Mrs. C. E. Scown, Mr. and Mrs. Porter and Mr. and Mrs. Cox.

MRS. ANGEL ENTERTAINS WITH BRIDGE PARTY

Autumn flowers in which roses and dahlias predominated formed an attractive setting for the party given by Mrs. Angel at her home Friday afternoon. Fall hues were also observed in the appointments of the four tables arranged for bridge. A salad course was served at the conclusion of the games.

Those who attended were: Mrs. Joe Gamble, Mrs. S. L. Ingham, Mrs. Clyde W. Warwick, Mrs. Oscar Gamble, Mrs. C. R. Burrow, Mrs. R. P. Jarrett, Mrs. Clifton Jarrett, Mrs. Wallace R. Clark, Mrs. Jim Redfern, Mrs. R. A. Terrill, Mrs. John S. Humphreys, Mrs. D. A. Shirley and Mrs. F. P. Guenther, of San Antonio.

MRS. BISHIR HOSTESS TO 1925 BRIDGE CLUB

The 1925 Bridge club was the inspiration for a lovely party given Wednesday afternoon at the home of Mrs. Marion Bishir with Mrs. Bishir presiding as hostess. Fall flowers were arranged throughout the entertaining rooms and the Halloween motif was observed in the bridge talies and table accessories.

Following the games an election of officers for the new club year was held. Mrs. Frank Phillips was elected to head the organization, Mrs. Bishir as vice-president, Mrs. J. L. Dufiot, secretary and Mrs. W. A. Warren, reporter.

A delicious salad course was served by the hostess. The list of invited guests included: Mrs. Hud Prichard, Mrs. Burt Newlin, Mrs. Mark L. Foster, Mrs. A. R. Eastwood, Mrs. R. E. Ball, Mrs. J. L. Dufiot, Mrs. G. A. Farlow, Mrs. J. Madison Daugherty, Mrs. Frank Phillips, Mrs. W. A. Warren, Mrs. Felix Neff, Mrs. Joe Black, Mrs. E. L. Braudt, Mrs. Jack Boutwell, Mrs. John Fry, Mrs. Alfred Bellah, Mrs. E. J. Cundiff, Mrs. Walsh, Mrs. Jim Rose and Mrs. Ray V. Davis. Mrs. Oscar Gano, Mrs. T. S. Maxwell, Mrs. Ed Mickle, Mrs. C. E. Newberry, Mrs. Ray McReynolds, Mrs. George Nance, Mrs. Roscoe Davis, Mrs. Jim Green, Mrs. Berl Mayfield, Mrs. A. E. Terry, Mrs. Dewey Foster and Mrs. R. E. Harter.

MISSIONARY SOCIETY TO STUDY BOOK OF ACTS

The Methodist Missionary Society will meet at 3 o'clock Tuesday in the ladies parlor of the church. The lesson for the day will be a continuation of the study of the Book of Acts. All members are urged to attend.

Children's Theatre Starts Third Year of Interesting Work

The Children's Theatre was begun in entering its third season with an attractive array of plays for the first months of the school year.

The Children's Theatre of Canyon two years ago, under the direction of the public speaking department of the Canyon College with Miss Mary Morgan Brown and C. W. Batchelder in charge. Hundreds of children of all ages have enjoyed the plays given since that time, and almost as many adults have enjoyed the child-artists who appeared on the boards.

At present the advisory committee of the Theater is composed of Miss Mary Morgan Brown, C. W. Batchelder, Mr. and Mrs. L. A. Osgood, Miss Novella Goodman, Miss Jennie C. Ritchie, and F. E. Savage. All of them except Mrs. Osgood has collaborated with Mr. Osgood in the writing and staging of plays. Miss Brown and Mr. Batchelder are experienced play producers and Miss Goodman is an expert in the field of children's literature.

The Children's Theatre helps children to learn to act by enabling them to participate in plays, which always delights them, and helps them to learn to know and appreciate.

The children are delighted at the opportunity to take part in plays, and those who listen have as much enjoyment. Both groups are learning to appreciate good acting and good plays. Some of the plays are given by college students, the children participating only as spectators. In other plays, college students are directors, while in still others the children themselves help to plan the costumes, the dramatization and the business of the play.

According to Mr. Batchelder, the children are training their imaginations and increasing their ability to enjoy theatrical productions.

The plays for this season include Rackety-Packety House, October 23; A Play by the Children, November 6; The Treasure of Carcassonne, November 20; The Christmas Carol, December 11; The Three Bears, January 15; Play by the Children, February 5, and Aladdin and the Wonderful Lamp, February 26.

All Children's Theatre plays are given at 3:30 on Thursday afternoon, in order that all children may attend, and that the over-stimulation of seeing a play at night may be avoided.

The Children's Theatre in Canyon was the first one established in Texas. It has been supported almost entirely through the sale of tickets to children and adults. It has been so successful that equipment and books have been added at intervals since its beginning.

MR. AND MRS. FELIX NEFF ATTEND BIRTHDAY DINNER

Mr. and Mrs. Felix Neff and son, Earl Lock, attended a 12 o'clock dinner given by Mrs. P. J. Neff of Happy a ther home Sunday in celebration her husband's birthday anniversary.

Others present were: Mr. P. J. Neff, Mr. and Mrs. Clark Neff and family, Mrs. Sara Weaver, Miss Elizabeth Rayburn, Miss Mary Neff, Miss Zetta Rayburn, all of Happy and Mrs. Bertha Porter of California.

Mrs. J. A. Hill and Mrs. T. V. Reeves attended the luncheon of the Amarillo A. A. U. W. Saturday.

MR. AND MRS. O'DOWD HONORED WITH PARTY

Mrs. E. H. Porter and Mrs. George Cox entertained Tuesday evening at the home of Mrs. Porter with a delightfully unique party honoring Mr. and Mrs. John O'Dowd, newcomers to the city. Mr. O'Dowd is minister of the Church of Christ.

Large vases of dahlias were lovely decorations in the living rooms. An old-fashioned country school with Miss O'Neal Porter as teacher offered diversions for the evening. The entertaining features were closed with an old fashioned spelling bee in which Mrs. Henry Bradford and Mrs. E. W. Cabe proved to be the most proficient spellers.

Refreshments were served in mock dinner pails neatly packed and tied. Those present included the following: Mr. and Mrs. O'Dowd, guests of honor; Mr. and Mrs. D. Mack Stewart, Mr. and Mrs. Henry Bradford, Mr. and Mrs. H. W. Cabe, Mr. and Mrs. Zim Sharman, Mr. and Mrs. Pete Hancock, Mr. and Mrs. W. H. Chambers, Mr. and Mrs. J. H. Lisle, Mr. and Mrs. R. E. Crawford, Mrs. Elzine Price, Mrs. J. J. Farris, Mrs. Cora Campbell, Mrs. W. S. Amend, Mrs. Melvin Roberts, Mrs. C. E. Scown, Mr. and Mrs. Porter and Mr. and Mrs. Cox.

MRS. ANGEL ENTERTAINS WITH BRIDGE PARTY

Autumn flowers in which roses and dahlias predominated formed an attractive setting for the party given by Mrs. Angel at her home Friday afternoon. Fall hues were also observed in the appointments of the four tables arranged for bridge. A salad course was served at the conclusion of the games.

Those who attended were: Mrs. Joe Gamble, Mrs. S. L. Ingham, Mrs. Clyde W. Warwick, Mrs. Oscar Gamble, Mrs. C. R. Burrow, Mrs. R. P. Jarrett, Mrs. Clifton Jarrett, Mrs. Wallace R. Clark, Mrs. Jim Redfearn, Mrs. R. A. Terrill, Mrs. John S. Humphreys, Mrs. D. A. Shirley and Mrs. F. P. Guenther, of San Antonio.

MRS. BISHIR HOSTESS TO 1925 BRIDGE CLUB

The 1925 Bridge club was the inspiration for a lovely party given Wednesday afternoon at the home of Mrs. Marion Bishir with Mrs. Bishir presiding as hostess. Fall flowers were arranged throughout the entertaining rooms and the Hallowe'en motif was observed in the bridge tables and table accessories.

Following the games an election of officers for the new club year was held. Mrs. Frank Phillips was elected to head the organization, Mrs. Bishir as vice-president, Mrs. J. L. Duffot, secretary and Mrs. W. A. Warren, reporter.

A delicious salad course was served by the hostess. The list of invited guests included: Mrs. Hud Pritchard, Mrs. Burt Newlin, Mrs. Mark L. Foster, Mrs. A. R. Eastwood, Mrs. R. E. Ball, Mrs. J. L. Duffot, Mrs. G. A. Farlow, Mrs. J. Madison Daugherty, Mrs. Frank Phillips, Mrs. W. A. Warren, Mrs. Felix Neff, Mrs. Joe Black, Mrs. E. L. Braudt, Mrs. Jack Boutwell, Mrs. John Fry, Mrs. Alfred Bellah, Mrs. E. J. Cundiff, Mrs. Walsh, Mrs. Jim Rose and Mrs. Ray V. Davis, Mrs. Oscar Gano, Mrs. T. S. Maxwell, Mrs. Ed Mickle, Mrs. C. E. Newberry, Mrs. Ray McReynolds, Mrs. George Nance, Mrs. Roscoe Davis, Mrs. Jim Green, Mrs. Berl Mayfield, Mrs. A. E. Terry, Mrs. Dewey Foster and Mrs. R. E. Harter.

MISSIONARY SOCIETY TO STUDY BOOK OF ACTS

Children's Theatre Starts Third Year of Interesting Work

The Children's Theater was begun in entering its third season with an attractive array of plays for the first months of the school year.

The Children's Theater of Canyon two years ago, under the direction of the public speaking department of the Canyon College with Miss Mary Morgan Brown and C. W. Batchelder in charge. Hundreds of children of all ages have enjoyed the plays given since that time, and almost as many adults have enjoyed the child-artists who appeared on the boards.

At present the advisory committee of the Theater is composed of Miss Mary Morgan Brown, C. W. Batchelder, Mr. and Mrs. L. A. Osgood, Miss Novella Goodman, Miss Jennie C. Ritchie, and P. E. Savage. All of them except Mrs. Osgood has collaborated with Mr. Osgood in the writing and staging of plays. Miss Brown and Mr. Batchelder are experienced play producers and Miss Goodman is an expert in the field of children's literature.

The Children's Theater helps children to learn to act by enabling them to participate in plays, which always delights them, and helps them to learn to know and appreciate.

The children are delighted at the opportunity to take part in plays, and those who listen have as much enjoyment. Both groups are learning to appreciate good acting and good plays. Some of the plays are given by college students, the children participating only as spectators. In other plays, college students are directors, while in still others the children themselves help to plan the costumes, the dramatization and the business of the play.

According to Mr. Batchelder, the children are training their imaginations and increasing their ability to enjoy theatrical productions.

The plays for this season include Rackety-Packety House, October 23; A Play by the Children, November 6; The Treasure of Carcassonne, November 20; The Christmas Carol, December 11; The Three Bears, January 15; Play by the Children, February 5, and Aladdin and the Wonderful Lamp, February 26.

All Children's Theater plays are given at 3:30 on Thursday afternoon, in order that all children may attend, and that the overstimulation of seeing a play at night may be avoided.

The Children's Theater in Canyon was the first one established in Texas. It has been supported almost entirely through the sale of tickets to children and adults. It has been so successful that equipment and books have been added at intervals since its beginning.

KEEPING WELL

A study of something over three thousand families of working men shows that each family spent an average of \$140 per year for medical care.

Of this annual amount almost one-half was for doctors' fees, while medical supplies and hospital care took about one-eighth, dental care about one-twelfth, and so on. These figures are given out by the Bureau of Labor Statistics.

The amount expended by families differed considerably. Forty per cent of the families spent less than \$25, twenty per cent less than \$50, and twenty per cent spent less than \$100, meaning that for four out of every five families the bill to keep well was less than \$100 each.

The other one-fifth of the families spent varying amounts. Over half of them ranged between one hundred and two hundred dollars, one fifth of them between two hundred and three hundred dollars and the rest spent between three hundred and one thousand dollars. While the burden of the eighty per cent was not so great it became very heavy on the smaller group which had the higher cost.

ANOTHER STRAW

When Germany arranged for her autumn military maneuvers she invited representatives of Britain, Italy and the United States to act as official observers. France, Belgium, and Poland were not invited.

The French press naturally criticized this omission. One paper declared that by neglecting to invite these nations, "Germany already designates her adversaries of tomorrow."

The French quite overlooked the fact that France had several years ago, by negotiating and signing military treaties of alliance with Belgium and Poland, already designated her allies of tomorrow, so, they have no reason to complain if Germany and other nations act accordingly.

The Cleveland man who drank 11 glasses of water and then challenged all comers for the water-drinking championship, certainly is gifted with a fine sense of dry humor.

THE GREAT AMERICAN HOME

WHEE-E-E! COME ON, SPIKE, LET'S RUN CIRCLES AROUND GRANDMA AND SHOW HER SOME SPEED

Courtesy on the Road
By Bruce Catton

A writer in the current issue of The Nation calls attention to a by-product of the automobile industry which ordinarily goes unmentioned—the utter ruination of tempers and manners which the automobile seems to have brought to millions of good citizens. It is a point worth considering.

There seems to be something inherent in the mere act of driving an automobile that makes a man feel that he is exempt from all, or nearly all, of the common requirements of courtesy and human decency. It applied to nearly all of us, and in the last few years it has produced a set of road manners which would seem to justify the complaint that we are a nation of barbarians.

Yet we are not, ordinarily, nearly as bad as we seem to be. Most of us, in the common round of daily life, are fairly well-disposed people. We have a fair amount of courtesy, we are not over-forward, we are quite willing to give the other fellow a break and to refrain from pushing ourselves to the front too blatantly.

Put one of us behind the wheel of an automobile, however, and what happens? Dr. Jekyll vanishes and Mr. Hyde comes tearing to the front, grinding his teeth, clenching his fists and muttering swear words. The mildest of men is transformed into a ruthless autocrat, demanding that all other motorists on the highway give way before him.

Really, it is actually amazing the way our dispositions change for the worse. We will put an extra burst of speed to keep the other fellow from crossing ahead of us. With an hour in which to make a 15-minute drive we will jockey for 10-second advantages as if the fate of the nation hung on our speed. If some luckless soul stalls his engine, runs out of gas or encounters a mechanical

defect that stops him in his tracks, do we offer to help him, or at least bestow our sympathy on him? Not much—we yell at him, and toot our horns, and mutter in our beards as if he were the most fiendish criminal of the age.

To list all the ways in which we show our boorishness on the highways would take all day. You can doubtless make up your own list—and if you do it carefully and honestly, the chances are you'll be surprised at your own lack of manners. All of us display a surliness and a selfishness as drivers that we would never dream of displaying in any other field.

This is more than just a matter for melancholy regret. Our automobiles are killing more than 30,000 people a year, and a great many of these 30,000 would still be alive if it were not for this national habit of selfishness on the highway. In any safety campaign the restoration of simple, old-fashioned courtesy must be the first big step. Until we regain our manners our death toll will continue to be a national scandal.

Another thing that is easy to understand when so little is hid, is how silk manufacturers have to pay us much larger income taxes than the cotton planters.

Early to bed and early to rise—and you'll miss a lot that doesn't go on in the daytime.

The Week's Greatest Optimist

There's a lesson in optimism to be gained from a local merchant. He sells old automobiles and parts thereof.

"Been cutting weeds this morning," he said as he mounted a stool in one of the coffee emporiums, along with two others of the habitual mid-morning frequenters.

"Been cutting weeds? You might make that stick somewhere, but not here," retorts one of the incredulous.

"Yes, I've been cutting weeds and building a fence around another lot to protect those smooth mouth automobiles and parts. You know I've been selling quite a few of those old wheels in which I have been rightening the spokes. Lots of people using them these days."

"The boys were around this morning getting a donation for the Boy Scout work in this area. I was glad to help them out. Glad that I had a little to spare for this kind of work."

"You know this country has been good to me. I haven't made any particular money, but when I came here my teeth were no good. Now I have a good set of teeth, that have withstood every strain that they've been put to—and that's something."

It is reported that nine of the principal brewery companies of Canada are to merge. Well, it will make for a larger business, surely.

As Others See Us

Over in India, the British officials are objecting to American movies. They are blaming the length of our kisses, the meandering love of our theme-songs, and the way in which our heroes and heroines of the silver screen do a grand fadeout to live happily ever afterward, for the fact that there is discontent in India.

Just what all of this has got to do with Gandhi's desire to make salt from the sea water is rather a problem. Just how the fact that somebody's love story ended with wedding bells should encourage an uprising in Calcutta or any other eastern city we do not know.

It would rather seem that this objection is a compliment to American life as shown on the screen. Life in India, as the last few years have revealed, is certainly not gliding along like a story in a book of fairy tales. It is unhappy, struggling, uncertain.

Life as shown by our films, for the most part, manages to give people a little happiness for their money.

If the people of India have decided that we must be a land of happiness which they would like to follow, and think that uprisings will bring them the joy on which theme-songs are based, it is not

our fault. We can send only the type of guiding star that we know. And if it is a happy one that makes other nations tremble because it will cause their people to envy us, we admit that it is a good advertisement for America anyway.

A college education seldom hurts a man if he is willing to learn a little something after he graduates.

The ideal husband is the man who treats his wife like a new auto even after they've been married ten years.

It may be because she has used the proper tooth paste that the girl in the ads shows her teeth—but that isn't the reason a dog shows his.

We now have baby autos, baby golf courses and baby kitchens—in fact, everything now in the baby line seems to be popular but the babies themselves.

Doing work ahead of time is one of the hardest things that the average man or woman undertakes, but it is an effort that pays rewards.

Another thing hard to understand is where women get the idea that anything between two slices of bread makes a sandwich.

The Week's Greatest Optimist

There's a lesson in optimism to be gained from a local merchant. He sells old automobiles and parts thereof.

"Been cutting weeds this morning," he said as he mounted a stool in one of the coffee emporiums, along with two others of the habitual mid-morning frequenters. "Been cutting weeds? You might make that stick somewhere, but not here," retorts one of the incredulous.

"Yes, I've been cutting weeds and building a fence around another lot to protect those smooth mouth automobiles and parts. You know I've been selling quite a few of those old wheels in which I have been retightening the spokes. Lots of people using them these days.

"The boys were around this morning getting a donation for the Boy Scout work in this area. I was glad to help them out. Glad that I had a little to spare for this kind of work.

"You know this country has been good to me. I haven't made any particular money, but when I came here my teeth were no good. Now I have a good set of teeth, that have withstood every strain that they've been put to—and that's something."

It is reported that nine of the principal brewery companies of Canada are to merge. Well, it will make for a larger business, surely.

As Others See Us

Over in India, the British officials are objecting to American movies. They are blaming the length of our kisses, the meandering love of our theme-songs, and the way in which our heroes and heroines of the silver screen do a grand fadeout to live happily ever afterward, for the fact that there is discontent in India.

Just what all of this has got to do with Gandhi's desire to make salt from the sea water is rather a problem. Just how the fact that somebody's love story ended with wedding bells should encourage an uprising in Calcutta or any other eastern city we do not know.

It would rather seem that this objection is a compliment to American life as shown on the screen. Life in India, as the last few years have revealed, is certainly not gliding along like a story in a book of fairy tales. It is unhappy, struggling, uncertain.

Life as shown by our films, for the most part, manages to give people a little happiness for their money.

If the people of India have decided that we must be a land of happiness which they would like to follow, and think that uprisings will bring them the joy on which theme-songs are based, it is not

our fault. We can send only the type of guiding star that we know. And if it is a happy one that makes other nations tremble because it will cause their people to envy us, we admit that it is a good advertisement for America anyway.

A college education seldom hurts a man if he is willing to learn a little something after he graduates. The ideal husband is the man who treats his wife like a new auto even after they've been married ten years.

It may be because she has used the proper tooth paste that the girl in the ads shows her teeth—but that isn't the reason a dog shows his.

We now have baby autos, baby golf courses and baby kitchens—in fact, everything now in the baby line seems to be popular but the babies themselves.

Doing work ahead of time is one of the hardest things that the average man or woman undertakes, but it is an effort that pays rewards.

Another thing hard to understand is where women get the idea that anything between two slices of bread makes a sandwich.

The
Wedding March

... is not always that dignified procession down the aisle to the altar! It is also the swift scurrying of relatives and friends to find a wedding gift that is unique and precious, yet not too costly. If you will direct your own private "wedding march" towards the Warwick Printing Company, you'll find the answer to your search... a matchless collection of gifts at remarkable prices.

WE SUGGEST

Pieces of chromium plated table ware (requires no polishing). Any bride likes things to make her table more attractive, and these bread trays, relish dishes, etc. surely do. See them by all means.

EUROPEAN CHINA DISHES

Rare china dishes that are colorful imported European dishes. They are so distinctive from anything American that you would expect them to be much higher priced. A pitcher or cream and sugar set will surely be welcomed by the bride and groom.

Fire Drills Are Features of Fire Prevention Week

Fire prevention week was observed in the Canyon Public Schools by fire drills and the writing of themes on various phases of the fire prevention problem. The evils of fire, the great annual economic loss to the nation, the necessity of sane prevention, and the necessity of the co-operation of students and instructors as well as other persons every day were discussed and written about throughout the week.

Three fire drills were held in the grade school, and two in the high school. A fire chief for each room was appointed, and he directed the drills. The entire procedure was carried out in a very orderly manner.

New fire fighting apparatus in the form of fire extinguishers has been added to the present equipment. All of this equipment, the fire drills, and the teaching of fire prevention, helps maintain a lower rate of insurance for the town, and protects the lives of many boys and girls.

HEREFORD GAME TO MARK HOME COMING DAY

Tuesday evening a number of ex-students met for the purpose of organizing an ex-student organization.

The Hereford-Canyon game was decided on as Home-coming day and that night (24th) a banquet will be held.

If you are an ex-student of Canyon High School join this organization.

Eagles to Leave to Battle Clovis Wildcats Friday

Next Friday the Canyon Eagles will go to Clovis to play the Wildcats. Hereford, Canyon's greatest rival, beat Clovis 6-0.

Clovis gave the Eagles quite a scrap last year, and it is expected that the game will be well worth seeing.

As usual, cars will be needed to take the boys over.

Come out and "Help the Eagles win."

Canyon Eaglets Tie Sam Houston High

The Canyon Eaglets tied with the Sam Houston Junior High of Amarillo last Saturday with the score of 6-6.

The scoring tally for Canyon was made when Stratton, the fullback intercepted a pass and ran 40 yards for a touchdown.

Amarillo's tally was made by Hensley on a 20 yard run.

The Eaglets made more first downs and yardage than the Sam Houston team.

MISS WISEMAN ENTERTAINS

In celebration of her birthday, Miss Charline Wiseman entertained a number of her friends with a slumber party last Saturday night at her home. Candy was made, midnight feasts were consumed and little sleep was gotten by any of the party.

The following were present: Claire Lockwood, Amogene Fowler, Bettye Sternberg, Mildred Middleton, Melba Gamewell, Esther Downing, Elizabeth Jameson and Katye B. Lowe.

*Miss Bessie Lee Fite, a member of the junior class, was married to Mr. Ernest Sunday afternoon, October 12 at the home of the bride. The bride was attired in a purple velvet suit with hat and accessories to match. Rev. Howard of the Baptist Church officiated at the ceremony, and a dinner was served to the guests.

Spanish Club Initiates New Members Tues.

The first year Spanish students had the honor of being initiated into the "El Circulo Castellano" Tuesday night, Oct. 7, at the high school gym.

When the twenty-six half-frightened students had arrived and had been introduced to the second year Spanish students, they were blindfolded and were told to count the steps from the bottom floor to the top, on their hands and knees.

After this, the students, with aching knees, were again murdered, as they expressed it, when they were told to measure the gym with their hands. Some gave an original Spanish dance, accompanied by others on combs and paper.

After the students had been severely punished, they assembled in the study hall where the constitution of the Spanish Club was read. After each student had pledged his allegiance to the club by signing the constitution, delicious apples and home made candy were served.

Grade Notes

The Seventh grade girls, under the direction of Miss Goodrich, have organized a pep quad.

They have elected four officers: Main pep leader, Marguerite Johnson; two sub leaders, Rachel Skiles, and La Verne Smith; and a sergeant at arms, Marye Ella Lowe. The colors have not been decided on yet.

TREES IN THE ROAD

Sentiment regarding trees is pretty strong, but it shouldn't warrant their being left in the road. If they possess historic interest, the highway should be made to pass around them, but if they are admired for beauty alone, then progress demands that they be felled wherever they are found to be a menace to human safety. It is a fine and noble sentiment to spare a beautiful tree, and we wish more people around Grapevine possessed that sentiment. Everybody loves trees. They are the noblest and most permanent of all natural creations. They give delight to the eye, shade and rest to the wayfarer and beauty to the community. But today the tree that stands in line of a modern highway constitutes a menace to human life. Driving an auto is different from driving a horse. We must now sacrifice many trees that could have been saved back when roads did not have to be built in straight lines and without sharp turns. It is well to consider this when there is occasion to criticize the roadbuilders for cutting down a tree.

Canyon Eagles Win Again From Claude Mustangs

Playing a better game of football than ever before, the Canyon Eagles broke in the Claude Mustangs last Friday to the tune of 7 to 0.

Tucker, Canyon's half back was the star of the game. His speed, in spite of the slippery gridiron, saved the day for Canyon when he actually ran down the fastest man on the Mustang eleven who had a clean field for a touchdown. Captain Wooten scored the tally when he returned a punt from the 20 yard line over the goal. Strain played a good game in spite of his injured ankle.

Campbell, Claude's quarter back, played a wonderful game with his speed and expert passing.

Canyon attempted 6 passes, 4 incomplete, 1 intercepted, and 1 complete for a 15 yard gain.

Claude tried 10 passes, 4 incomplete, 1 intercepted, and 5 complete for a total of 90 yards.

The line up:

S. P. Q. R. Holds First Meeting of School Year

The Latin Club, which is the S. P. Q. R. met Oct. 7 in its first regular session, Miss Jordan acting as temporary chairman.

Officers elected were as follows: President—Kathryn Robinson. Vice Pres.—Viva Bell Cox. Secretary—George Brewer.

Pep Leader—Roland Brooks. The Latin Club is looking forward to many interesting occasions during this coming year. They want to entertain the W. T. Latin Club as they have done in the last years. They want to have charge of a chapel program, and also a Latin Club banquet in the spring. The members are eagerly looking forward to a chance for the trip to Lubbock to the Latin tournament. These are the reasons why the Latin students smile so cheerfully.

Pep News

The tams have arrived! Members of the pep squad were the original owners of the purple tams, but now it seems that as many boys as girls are wearing them. They either "begged, bought, or borrowed," them from the original owners. An order is going to be sent off soon for more pep sweaters. The members of the pep squad can be distinguished from other people at the game.

The pep squad wishes to thank Wesley Williams, Tom Ziegler, "Scoop" Elliston, and T. V. Slack for helping us yell at the game last Friday. All other boys are invited to help us yell at other games.

Hereford Whitefaces to Invade Eagles' Nest on Oct. 24th

The biggest game of the year will be played in Canyon on October 24, when the Canyon Eagles meet the Hereford Whiteface on the local gridiron. This game is always a classic—because these two teams are great rivals and represent the best brand of football to be found on the Plains.

"Beat the Eagles," is the war cry that is being sounded in Hereford at the present time.

"Rope the Whiteface" is the resounding cry of the Eagles camp.

This game will be of special importance to the Eagle fans since the Whiteface, after ten or twenty years of straight defeats, have come back for the last two years and have given the Eagles sound thrashings. Indications seem to say that the game this year will be a hard fought one and the outcome can not be predicted with and degree of certainty until the last whistle. The Hereford fans will be out 100 percent to back their team, and it is up to the Canyon high fans to do likewise. Victory must come to the Eagle camp this year. Save your nickles and prepare for the biggest game of the year.

More Boys in W. T. This Fall Than In Last Fall Quarter

Greater numbers of boys are coming to W. T., as shown by a comparison of this fall's attendance of boys with that of the fall quarter of 1929. This comparison shows an increase of 11.8 per cent, according to Dr. Harris M. Cook, dean of men. On October first there were 228 men enrolled, as against 202 for the entire fall quarter last year.

A large number of the young

men in the college are preparing for the teaching profession, but many others are looking to the professions of law, architecture, medicine, the ministry, specialized agriculture, accounting, and others.

A New York man was given a 20 to 40-year sentence for stealing a dollar watch. So he got not only the time, but also the works.

The lawyer's best friend is the fellow who thinks he can make out his own will.

Maybe the reason some citizens are good at breaking a promise is because it's so easy to make another one.

If mother, daughter and son can drive the car, father is the only one who ever has to get his shoes half-soled.

The average man wins an argument with his wife about as often as a flivver wins one with a fast express train.

Perfect table manners are all right, but they're a big handicap to the enjoyment of fried chicken and corn on the cob.

\$1.25 Admission to Children's Theater Season Program

Due to the fact that one performance of the Children's Theater has already been given, the season tickets to the productions have been reduced in price from \$1.50 to \$1.25. A ticket at the latter price will admit all holders to the coming seven performances, which are listed below. Students and all others interested in the work being done by this division of the college dramatic department are urged to buy the season ticket at this reduced price.

The season's program:
Rackety-Packety House, Oct. 23.
Play by the children of the training school, Nov. 6.
The Treasure of Carcassonne, Nov. 20.
The Christmas Carol, Dec. 11.
The Three Bears, Jan. 15.
Play by the children, Feb. 5.
Aladdin and the Wonderful Lamp, Feb. 26.

Recent Additions Illustrate Rapid Growth of Museum

Three old Spanish playing cards and a string of Indian beads have been with other relics, recently added to the P.-P. H. S. Museum collections by Mr. Harvey Wilson of Happy, Texas. The beads were found at an Indian grave near Childress, Texas. With this interesting group of relics donated by Mr. Wilson is a coin from Holland, bearing the date 1882; there are also two Spanish bills of one and five pesos values.

Mr. Wilson expresses a great interest in the P.-P. H. S. and in the preserving of the many relics that are scattered over the country.

An Ulster County Gazette re-print dated January 4, 1800, which has been donated by Wallace Hastings contains accounts of battles in which two hundred Frenchmen and between two and three thousand Americans were killed; also the obituary of George Washington.

Did You Ever Stop To Think By Edson R. Waite
Shawnee, Oklahoma

U. G. Baker, publisher of the Susquehanna (Pa.) Evening Transcript, says:

That when you neglect to pay that "little account" over at the store, you are doing just that much toward slowing down business in America?

When you get along with two shirts, two suits of underclothes, one pair of shoes, and one suit when you know positively that you need more, and you know that in the bank in your own name is sufficient money to pay for them, you are slowing down business by not purchasing and paying for the goods you actually need.

When you refuse to buy that which you actually need and can pay for in cash, YOU are one of the sprags in the wheels of American industry and business.

When you refuse to buy and pay, when you decide to wait until "things pick up," you are materially interfering with legitimate business.

When you do not buy the merchant does not sell, and when the merchant does not sell he does not buy, and when the merchant does not buy goods the factory does not run, and this in the aggregate makes for unemployment and "business depression."

It is for the people who are working and earning, and they are in the majority, to do the plain duty of the moment, and that is to pay bills and purchase goods actually needed, paying cash for such goods, to bring back the "good old times."

Merchants can aid in this "reconstruction work" by advertising consistently and intelligently in the home town paper.

They are talking of "harnessing the sun" and making it do all the work. How we'd like to sit back on a hot day and watch the sun changing a tire for us.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. City Pharmacy.

Good health engenders confidence today business demands healthy men and women—and more than ever it is the survival of the fittest...

POOR health is a distinct drawback to progress in business or social life. Underweight, lack of appetite, sluggishness, a dull mentality, nervousness and even skin disorders—boils and pimples—show their mark on the body, face and mind when the red-cells are deficient in number. (See enlarged blood picture above.) Moreover a low red-blood-cell condition makes the system an easy prey to disease. When your red-blood-cells are only 80% you are NOT yourself—60% is dangerous.

The way to correct this condition is to take S.S.S.—the tonic that will help Nature build up and enrich your blood. Wayside Items

Pleasant rains have fallen the past few days, a hard rain accompanied by considerable hail fell Saturday night, hail not general only in a few localities. Quite cloudy and still threatening.

Mr. and Mrs. Jack Howard recently married, were honorees of a miscellaneous shower at Grandmother Gillham's Friday afternoon. They received a number of useful and decorative presents. Cake and punch were served to the crowd.

Miss Nina Cunningham spent most of the past week with Mrs. J. W. McCrerey in Canyon, leaving Sunday morning for Sudan for an indefinite length visit.

Mrs. Pat Patterson has been confined to her bed as a result of a splinter inside her right hand from a broom handle, but little attention was paid for some days, when it seemed to develop blood poison. Dr. Stevens of Tulsa lanced it quite deep. Glad to say she is improving, and able to be up.

Fifteen hundred sheep passed through Wayside the past week. They were from Tulsa on their way to Canyon.

G. W. Franklin, in trying to crank his tractor a few days ago, was severely hurt when it backfired. Still quite sore; went to a doctor Saturday for advice.

M. C. Counterman and family visited the Sluder home Sunday afternoon.

W. I. Lane brought the seats for the auditorium of the school building the past week. One hundred and twenty nine in all. Quite sufficient to fill the room and will add much to the appearance and comfort of the room. They are being placed at the present time.

Alec Whitten has moved to M. L. McGhee's place.

Sunday school. The following officers were elected, Superintendent, Bro. O'Bryant; assistant super-

tendent, I. H. Hollabaugh; and secretary-treasurer, Lester Knox. The election of teachers will be completed next Sunday. It was decided that 3 p. m. would be the hour for beginning Sunday school, except on such days when there would be preaching. On those days Sunday school will begin at 2:30 p. m.

Brother and Sister Smith, their children and Mrs. Cook, all of Happy, were present for the services Sunday. Brother Smith made a very inspiring and otherwise practical talk. His ministry is highly appreciated in this community.

A surprise birthday party was given Mrs. Nettie Umphrey at her home Saturday evening. A very delightful evening was spent, at the close of which time refreshments were served. Those present at the party were: Mr. and Mrs. I. H. Hollabaugh and their children Corinne, Forrester, Katherine, Frank, Gene and J. D.; Mrs. H. E. Knox and Lester; Mr. and Mrs. Rex Roby, Ernest and Elora Duncan; Messrs. R. B. Elliot, Leroy Prichard and Ken Burum, and the two hostesses, Mrs. Carter and her mother, Mrs. Umphrey.

The coyotes have been killing a number of chickens in this community.

Mr. and Mrs. C. G. Stallings and Mr. and Mrs. C. J. Kaufman and family visited in the J. T. Sykes home Sunday.

Claude Kaufman of Oklahoma is visiting his uncle C. J. Kaufman.

Begin now to plan your box for the Box Supper to be held at the school house Friday night, Oct. 31.

A CINDERELLA RETURNS

A little more than a year ago the world wondered why one of its favorite Cinderellas had decided to go home from the ball. It was a long, long time until the clock would strike twelve. The crystal slipper fitted perfectly, and all the silken ladies and gay gallants were bowing graciously.

But Marion Talley removed the shining gowns, slipped of the beads and bracelets that she had worn at the ball, and put on a sun-bonnet. She listened to the last applause from the glittering horse-shoe. She received her last red roses. She threw a kiss at the charmed circle. The stage lights winked their golden eyes and went out. The velvet curtains rustled together.

Marion was tired of glamour, so she was going away. Going out to Kansas to raise wheat and corn. She had sung for a farm and now she was happy.

But now Marion is back in New York again for a little. She has returned to make phonograph records. She says that it is hot in Kansas, the corn is only fair. . . that she won't say that she will never come back to the opera if the urge grows strong enough. After all, it is a far, far cry from fields of sun-baked corn to the fantasy and romance of the opera stage where life dances along to a tragic drama or a laughing fantasy and the actress plays on pulsing, blood-red hearts. There is a long road winding from the black and white ladders of song down a country road where farmers pray for rain.

Everyone wondered why Marion Talley stepped out of the story-book and closed its silver covers. After the discouragement which

has been the portion of farmers this year, no one will censure Marion Talley if she decided to go back to the ball, one glass slipper in her pocket, hoping that the music masters still hold its mate against the time when she returns.

A decree has been issued in Mexico against "pistol toting." This is seen as a subtle move to increase the longevity of Mexican presidents.

The good old days were when a girl would now and then be late for a party because the cobbler didn't finish half-soling her shoes until 6:30 o'clock.

Wayside Items

Plentiful rains have fallen the past few days, a hard rain accompanied by considerable hail fell Saturday night, hail not general only in a few localities. Quite cloudy and still threatening.

Mr. and Mrs. Jack Howard recently married, were honorees of a miscellaneous shower at Grandmother Gillham's Friday afternoon. They received a number of useful and decorative presents. Cake and punch were served to the crowd.

Miss Nina Cunningham spent most of the past week with Mrs. J. W. McCrerey in Canyon, leaving Sunday morning for Sudan for an indefinite length visit.

Mrs. Pat Patterson has been confined to her bed as a result of a splinter inside her right hand from a broom handle, but little attention was paid for some days, when it seemed to develop blood poison. Dr. Stevens of Tulla lanced it quite deep. Glad to say she is improving, and able to be up.

Fifteen hundred sheep passed through Wayside the past week. They were from Tulla on their way to Canyon.

G. W. Franklin, in trying to crank his tractor a few days ago, was severely hurt when it backfired. Still quite sore, went to a doctor Saturday for advice.

M. C. Counterfman and family visited the Sluder home Sunday afternoon.

W. I. Lane brought the seats for the auditorium of the school building the past week. One hundred and twenty nine in all. Quite sufficient to fill the room and will add much to the appearance and comfort of the room. They are being placed at the present time.

Alec Whitten has moved to M. L. McGee's place.

Sunny Hill School

About twenty people were present at the school house Sunday afternoon for the reorganization of the

Sunday school. The following officers were elected. Superintendent, Bro. O'Bryant; assistant superin-

tendent, I. H. Hollabaugh; and secretary-treasurer, Lester Knox. The election of teachers will be completed next Sunday. It was decided that 3 p. m. would be the hour for beginning Sunday school, except on such days when there would be preaching. On those days Sunday school will begin at 2:30 p. m.

Brother and Sister Smith, their children and Mrs. Cook, all of Happy, were present for the services Sunday. Brother Smith made a very inspiring and otherwise practical talk. His ministry is highly appreciated in this community.

A surprise birthday party was given Mrs. Nettie Umphrey at her home Saturday evening. A very delightful evening was spent, at the close of which time refreshments were served. Those present at the party were: Mr. and Mrs. I. H. Hollabaugh and their children Corinne, Forrester, Katherine, Frank, Gene and J. D.; Mrs. H. E. Knox and Lester; Mr. and Mrs. Rex Roby, Ernest and Elora Duncan; Messrs. R. B. Elliot, Leroy Prichard and Ken Burum, and the two hostesses, Mrs. Carter and her mother, Mrs. Umphrey.

The coyotes have been killing a number of chickens in this community.

Mr. and Mrs. C. G. Stallings and Mr. and Mrs. C. J. Kaufman and family visited in the J. T. Sykes home Sunday.

Claude Kaufman of Oklahoma is visiting his uncle C. J. Kaufman.

Begin now to plan your box for the Box Supper to be held at the school house Friday night, Oct. 31.

A CINDERELLA RETURNS

A little more than a year ago the world wondered why one of its favorite Cinderellas had decided to go home from the ball. It was a long, long time until the clock would strike twelve. The crystal slipper fitted perfectly, and all the silken ladies and gay gallants were bowing graciously.

But Marion Talley removed the shining gowns, slipped of the beads and bracelets that she had worn at the ball, and put on a sun-bonnet. She listened to the last applause from the glittering horse-shoe. She received her last red roses. She threw a kiss at the charmed circle. The stage lights winked their golden eyes and went out. The velvet curtains rustled together.

Marion was tired of glamour, so she was going away. Going out to Kansas to raise wheat and corn. She had sung for a farm and now she was happy.

But now Marion is back in New York again for a little. She has returned to make phonograph records. She says that it is hot in Kansas, the corn is only fair. . . . that she won't say that she will never come back to the opera if the urge grows strong enough.

After all, it is a far, far cry from fields of sun-baked corn to the fantasy and romance of the opera stage where life dances along to a tragic drama or a laughing fantasy and the actress plays on pulsing, blood-red hearts. There is a long road winding from the black and white ladders of song down a country road where farmers pray for rain.

Everyone wondered why Marion Talley stepped out of the story-book and closed its silver covers. After the discouragement which

has been the portion of farmers this year, no one will censure Marion Talley if she decided to go back to the ball, one glass slipper in her pocket, hoping that the music masters still hold its mate against the time when she returns.

A decree has been issued in Mexico against "pistol toting." This is seen as a subtle move to increase the longevity of Mexican presidents.

The good old days were when a girl would now and then be late for a party because the cobbler didn't finish half-soling her shoes until 6:30 o'clock.

MISS JOSEPHINE MILLER WEDS KANSAS MAN

Miss Josephine Miller of Amarillo, a former student of W. T. S. T. C. and Mr. Irvin H. McIntire of Eldorado, Kansas were united in marriage at the home of the bride's sister-in-law, Mrs. R. L. Miller, at Guthrie, Oklahoma, Tuesday, October 7. Dr. Garrett W. McQuiddy, pastor of the First Christian church of that city, read the marriage vows in the presence of intimate friends and relatives.

Miss Jessie DeGraffenried of Canyon acted as maid of honor and Mr. L. B. Larsen of Amarillo served the groom as best man.

Mrs. McIntire is a well known dramatic reader and is a member of the Panhandle Speech Arts Association. She was a student of Music in the West Texas State Teachers College two years. She has resided in Amarillo for a number of years. Mr. McIntire is the head of a chain of lumberyards with headquarters in Eldorado, Kansas. Following an extended trip on the West Coast and Hawaiian Islands the couple will make their home in Eldorado.

Miss Lorena Frieze attended a banquet and theatre party for the employees of the Texas Utilities Company at Plainview Saturday evening. She visited with friends in Plainview Sunday.

Miss Ethel Clare Oatis of Tulsa, Oklahoma, visited home folks here from Thursday until Sunday.

MISS THELMA TYNES WEDS PAMPA MAN

Announcement has been received here of the marriage of Miss Thelma Tynes of Hereford, a former student of W. T. S. T. C., to Mr. Paul J. Certain of Pampa, which took place Sunday, November 5 at Clovis, with the Rev. Mr. Howard Rogers of the First Christian church of that city officiating.

The bride is the daughter of Mr. and Mrs. Rex Tynes of Hereford. She is a graduate of Hereford High School and besides attending W. T. S. T. C., she was also a student in Texas Christian University at Fort Worth. She taught two years in the public schools at Pampa and is now teaching in Hereford.

Mr. Certain is the son of Mr. and Mrs. T. L. Certain of Pampa, is one of the owners and managers of the Panhandle Insurance agency and the Western Building & Loan association which operates in the three cities of Pampa, Borger and White Deer.

MRS. MAYBEN ENTERTAINS LOYAL DOZEN CLUB FRIDAY

Mrs. Terry Mayben entertained the members of the Loyal Dozen club at her home Friday afternoon. The ladies were occupied for the greater part of the afternoon with needlework followed by a social hour during which a delicious refreshment course was served. The club presented Mrs. Victor Steen and young daughter with a lovely pot plant.

Those present included: Mrs. V. L. Briscoe, Mrs. Felix Pierce, Mrs. N. T. Dickerson, Mrs. Noel Becket, Mrs. W. T. Simmons, Mrs. Fred E. Wortham and Mrs. C. C. Morton. The club will meet tomorrow afternoon with Mrs. C. C. Morton as hostess.

MRS. CHARLES FLESHER ENTERTAINS CLUB

Mrs. Charles Flesher was hostess to the members of the As You Like It club at her home Thursday afternoon. Autumn flowers emphasized the attractiveness of the entertaining suite where four tables were placed for bridge. A delectable salad course was served at the refreshment hour.

Special guests and club members included the following: Mrs. S. L. Ingham, Mrs. Joe Gamble, Mrs. Hud Prichard, Mrs. J. Madison Daugherty, Mrs. Felix Neff, Mrs. Harris M. Cook, Mrs. G. A. Farlow, Mrs. Ray McReynolds, Mrs. John S. Humphreys, Mrs. Clyde McElroy, Mrs. William Ash, Mrs. Dan K. Usery, Mrs. L. Angel, Mrs. John Fry, Mrs. T. M. Moore and Mrs. F. E. Savage.

MRS. HUMPHREYS HONORS SISTER WITH TEA MONDAY

Honoring her houseguest and sister, Mrs. J. P. Jarman of Nashville, Tenn., Mrs. John S. Humphreys entertained with a lighted tea at her home Monday afternoon. Roses and cosmos, carrying out a pink and green color scheme were observed throughout the reception suite. Graceful lavender tapers shed a soft radiance over the attractive setting. Mrs. J. A. Hill and Mrs. Clyde W. Warwick poured coffee and Mrs. D. A. Shirley and Mrs. R. A. Terrill presided at the tea table.

Out-of-town guests included: Mrs. Jarman, honoree; Mrs. A. B. Hagar of Kansas City, and Mrs. P. P. Guenther of San Antonio.

JUNIOR WOMAN'S CLUB MEETS MONDAY AFTERNOON

The Junior Woman's Club met in regular session at the Federated Club room Monday afternoon at 3 o'clock. "Atlantic Highway No. 1" was the topic of the lesson study for the day. Mrs. Joe Black and Mrs. Levi Cole had charge of the program and each gave an interesting paper on the general subject. Nine members were present at the meeting.

Mrs. J. Madison Daugherty will have charge of the program at the next regular meeting, Monday, October 27, at which time the lesson will be a continuation of the discussion of highways.

RELATIVES OF MR. OSGOOD BRIDGE-PARTY HONOREES

Mrs. G. F. Wood, mother of Mr. L. A. Osgood, and his sister, Mrs. W. J. Weyand, were honor guests at a bridge party given Saturday evening at 8:00 o'clock by Mrs. L. A. Osgood.

Decorations for the occasion were representative of the approaching Halloween season.

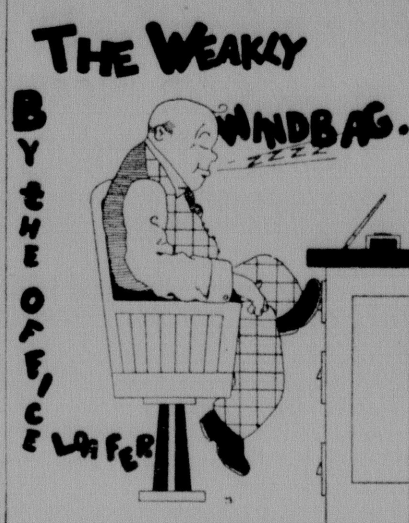

Those who made up the four tables of bridge were Mrs. Wood, and Mrs. Weyand, honorees; Misses Anna Hibbets, Darthula Walker, Marion Normington, Hattie M. Anderson, Edna Graham, Isobel Robinson, Mattie Swayne, Jennie C. Ritchie, Novella Goodman, Alice Dawes, Mary Morgan Brown, Margaret Justice, Jean Moore, and Mesdames Tommie S. Montfort and Henrietta Scott.

ROBINSON ENTERTAINS IN NEW STUDIO APARTMENT

Sunday night, October 5, Miss Isobel Robinson entertained several of her friends in her new studio apartment at Mrs. Conner's. The rooms were beautifully decorated with nasturtiums and dahlias.

Following the supper Miss Robinson showed the guests pictures and other treasures collected in northern Wisconsin near Canada. The antics of Christopher Morley, the hostess's new cat, afforded the guests much amusement.

A menu consisting of fruit cocktail, waffles, bacon, honey, coffee, and tea, was served to Misses Jennie C. Ritchie, Mattie Swayne,

Bobbie Jones and I are great guys at winning crowns. Bobbie has won four golf crowns this year. Last night when I got home late for supper (that's what it is at our house) I received another good crowning.

And by the way—I haven't mentioned golf in this column in so long, that no doubt some of the dear readers are about to decide that I am hopeless.

The latest thing I know about in golf, is that I read a love story the other night, the plot of which was laid on a miniature golf course. Now what do you think of that? Writers, love, heroes, heroines and miniature golf. Whoopee!!

You may not believe it but Canyon has two active Methodist ministers living within her city limits, both holding regular appointments. Yes, one of the Amarillo Methodist ministers has moved to Canyon and is still preaching to his Amarillo congregation each Sunday.

This remarkable person is none other than Rev. J. P. Patterson, who is pastor of the Buchanan Street Methodist church. He states that his objective in moving to Canyon is to gain advantage of the good college facilities. His son, Joe, entered the freshman class at the college at the beginning of the fall term.

Many Amarilloans have been prone to laugh and make boasting remarks about the fact that there is no cemetery for Amarillo located in Potter county. They bury their dead in Randall county. The well known retaliation is that a good many of the better citizens of Amarillo are resting in Randall county.

Now the point has been reached when Amarillo ministers must leave the city and come to Canyon for abode. When a minister with all his perseverance finds it necessary to remove himself from the city where his pastoral duties lie, and operate that church by "remote control", it makes me wonder as to what will happen next.

But Rev. Patterson is a fine sort of fellow and if you haven't had the opportunity to meet him, do so as soon as possible. Canyon should be proud of her "new" minister.

Boy, I'm getting to be popular, so says the Madam. She is comparing me with Will Rogers. She

This visit of Dr. Rea's will afford his many patients and others an opportunity to consult, without cost, this experienced specialist in stomach, stomach ulcer, liver and intestinal diseases, close to their homes. Medicines at reasonable cost in all cases where treatment is desired. Hours 9:30 A. M. to 4:00 P. M.

read an article the other day telling Mrs. Rogers' version of the famous writer. In the course of the article it was stated that if Will loses anything about the house Mrs. Rogers has to find it for him. The Madam declares that Bill and I surely would make a pair in that respect.

So far this season, I have read of only one "inspired" football team that over-ran the heavy opposition to win.

SMASHING ALL SALES RECORDS!

THE new Conoco Germ-Processed Motor Oil is not only the fastest selling oil in Conoco history... it is establishing a new high mark in public acceptance... By a wholly new characteristic, Penetrative Lubricity, this motor oil is attracting motorists from other brands with a quickness unprecedented in the oil world... this would not be possible if this oil were not the finest and safest motor lubricant yet introduced.

It is the Germ Process which gives Conoco the essential points of superiority that make possible these things: 76% less motor wear; reduced carbon formation; lowered operating temperatures; greater gasoline mileage; resistance to dilution; and instant lubrication at the first touch of the starter.

The Germ Process adds to a supremely fine paraffin base oil, a precious oily essence lacking in all other oils. This makes possible the metal-penetrating safety factor that we call "Penetrative Lubricity." Try this new oil today... at the sign of the Red Triangle.

SMASHING ALL SALES RECORDS!

THE new Conoco Germ-Processed Motor Oil is not only the fastest selling oil in Conoco history... it is establishing a new high mark in public acceptance... By a wholly new characteristic, Penetrative Lubricity, this motor oil is attracting motorists from other brands with a quickness unprecedented in the oil world... this would not be possible if this oil were not the finest and safest motor lubricant yet introduced.

It is the Germ Process which gives Conoco the essential points of superiority that make possible these things: 76% less motor wear; reduced carbon formation; lowered operating temperatures; greater gasoline mileage; resistance to dilution; and instant lubrication at the first touch of the starter.

The Germ Process adds to a supremely fine paraffin base oil, a precious oily essence lacking in all other oils. This makes possible the metal-penetrating safety factor that we call "Penetrative Lubricity." Try this new oil today... at the sign of the Red Triangle.

THE DIGNITY OF A GREAT BODY

We notice that Ex-President Coolidge in one of his daily newspaper articles declared that the investigating of campaign expenses was not a dignified spectacle. He thought the use of detectives against candidates would not "comport with the dignity of a great deliberative body." The trouble with this view-point is that it ignores answering the question whether a candidate with money who goes out and tries to buy a seat in that great deliberative body adds to its dignity and reputation.

Rotary Club Seeks to Improve Members' Attendance

With a view of making the attendance of the Rotary Club 100 percent, a round table discussion was held Tuesday, every member expressing his view as to the proper means to use to get the members out every week. Ralls has a Rotary Club with a 100 percent attendance for more than one year; a club in Illinois has had a 100 percent attendance for nearly three years. Canyon is only an average club in attendance, and the object is to make it far above the average.

Earl Robbins and Harry Brown were in charge of the program Tuesday.

Visiting Rotarians were: George Hailey and J. J. Sanders of Amarillo.

Miss Edna Graham, acting dean of Women, reported on the work of that office, and emphasized the good conditions under which most women students live in Canyon.

Miss Graham said, "The Canyon women who have college girls in their homes are doing everything they can to help the girls to make the most of their college opportunities. This spirit makes the work of the Dean of Women easier here than it is said to be in many places."

Secretary Travis Shaw reported on the financial status of the college, a detailed report being furnished each member of the board for consideration at the annual meeting.

Members of the board were unanimous in their expressions of pleasure over the work of the college and the progress which had been made since last year.

Mr. Martin of Fort Worth seemed to voice the sentiments of the group when he said, "We have watched the college go forward rapidly in the last few years and we expect to do what is needed to make it possible for it to continue to improve the services which it can render to the state of Texas."

The board members left Canyon Monday night for Denton and Commerce. The quarterly meeting of the board with the presidents of the teachers colleges is being held today.

President Hill left Tuesday night to attend the meeting which will be held in Dallas.

Former Resident is Buried Here Sunday

Funeral services for Archie Grimes, 27, a former resident of Canyon who died at an Amarillo hospital Saturday morning, was held at 2 o'clock Sunday afternoon at the Griggs Funeral chapel in Amarillo conducted by Rev. Guy Shields, pastor of the Assembly of God church.

Interment was at Dreamland cemetery with the N. S. Griggs and Sons in charge.

Grimes, who was a resident of Canyon several years ago, is survived by his widow, and father and mother, Mr. and Mrs. J. P. Grimes; four brothers, R. E., Ernest, Jack and John Grimes; two sisters, Misses Mattie and Velma Grimes all of Amarillo.

Advertising in The Canyon News is one way to make people know what you have to sell when you have it. There may be other methods, but we know of none that does the work as well, or as cheaply.

If every citizen of Canyon would do something to beautify his or her property the effect upon the looks of the community would be remarkable.

Judging by the way some candidates act before the election they don't care to lead their people; all they want to do is to guess right, early enough.

A Feeling of Independence

No matter what their income, every young couple should have a bank account.

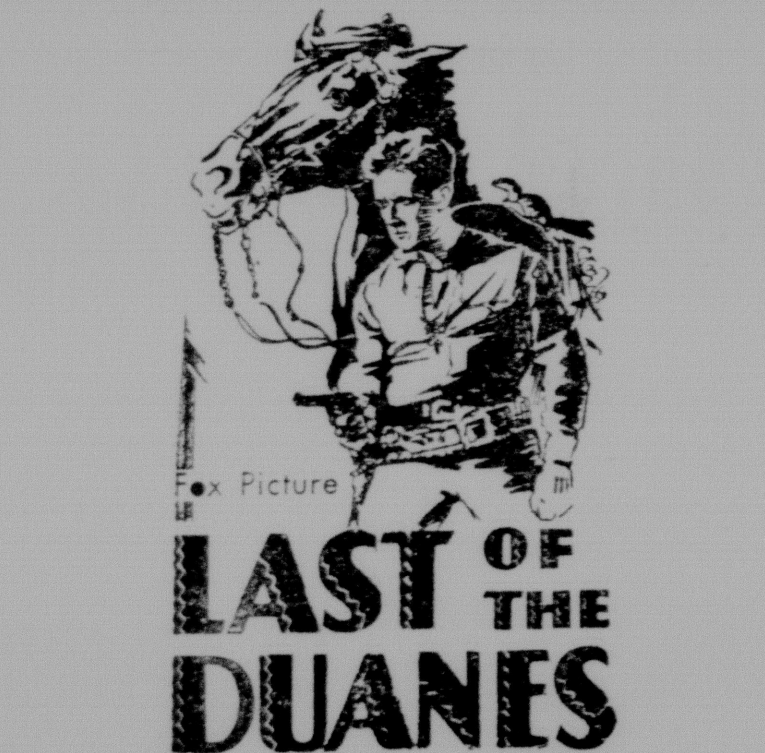

It is more than a reserve to meet unexpected expenses.

It is more than a means to obtain more comforts and conveniences.

A bank account and a regular method of saving create a feeling of independence, a feeling of self-respect.

Money is not everything, but the lack of sufficient funds often brings unhappiness. Do not let your married life be threatened by financial worries.
